

DIPLOMA IN  
ARCHITECTURE (TECHNOLOGY)

BCA ACADEMY

BCA ACADEMY

*Architecture is about the designing  
of form & space to reflect  
**functional, technical,  
social, environmental**  
+ **aesthetic considerations.***

The education and research arm of Singapore's Building and Construction Authority (BCA)

## Diploma in Architecture (Technology)

### PROGRAMME STRUCTURE

Drawing Presentation  
 Design & Creative Methods  
 Digital Media Presentation  
 CAD1 (AUTOCAD)  
 Building Technology  
 Life Skills A

Architectural Design 1  
 Development Control Requirements  
 Architectural Styles 1  
 BIM for Architecture  
 CAD2 (Sketchup)  
 Building Plan Requirements 1  
 Life Skills B

**1**

Architectural Detailing A  
 Building Plan Requirements 2  
 Advanced BIM for Architecture  
 Basic Business Law  
 Management Systems for Construction  
 Elements of Business  
 Management Skills A

Architectural Design 2  
 Architectural Detailing B  
 Architectural Styles 2  
 3DCAD  
 Building Services  
 Procurement Management  
 Management Skills B

**2**

Green Building & Universal Design  
 Architectural Detailing C  
 BIM Design and Coordination  
 Sustainable Building with BIM  
 Project Management  
 Technical Communications

Design for Productivity  
 Architectural Design 3  
 BIM Customisation  
 Industrial Attachment/  
 Final Year Project

**3**

The education and research arm of Singapore's Building and Construction Authority (BCA)

## Diploma in Architecture (Technology)

3 year diploma focuses on applications of Architecture

**BASIC DRAFTING + FREEHAND SKETCHING**

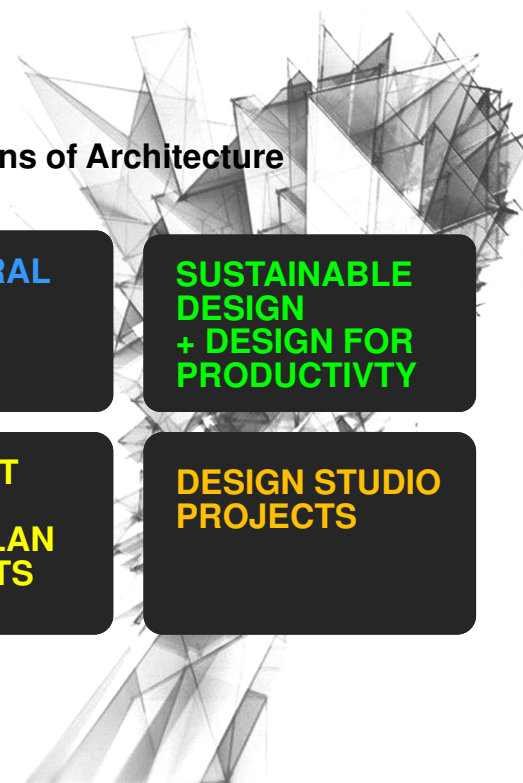

**ARCHITECTURAL DETAILING**

**SUSTAINABLE DESIGN + DESIGN FOR PRODUCTIVITY**

**CAD (2D & 3D) + BUILDING INFORMATION MODELLING (BIM)**

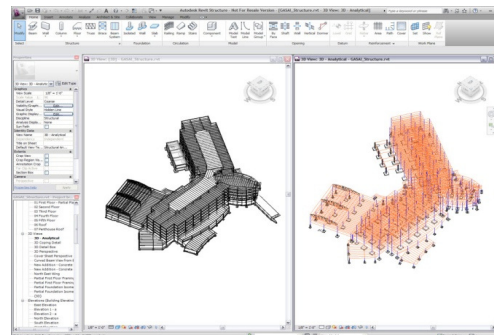

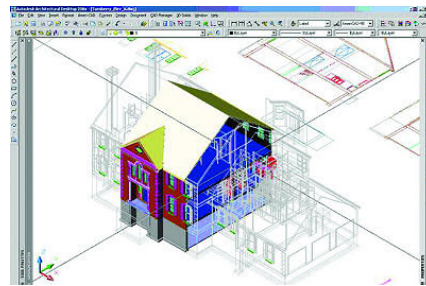

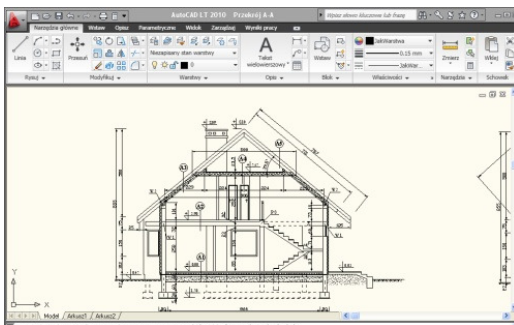

**DEVELOPMENT CONTROL + BUILDING PLAN REQUIREMENTS**

**DESIGN STUDIO PROJECTS**

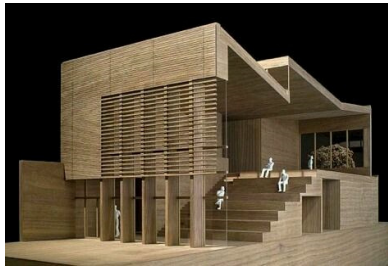

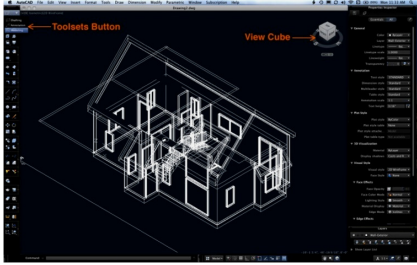

The education and research arm of Singapore's Building and Construction Authority (BCA)

## DIPLOMA IN ARCHITECTURE (TECHNOLOGY)

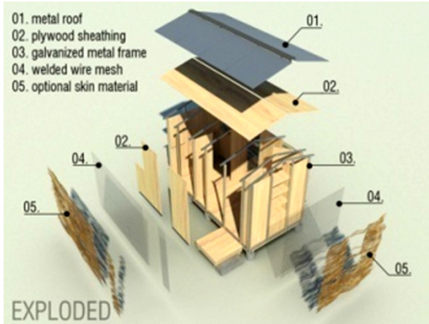

The education and research arm of Singapore's Building and Construction Authority (BCA)

DIPLOMA IN ARCHITECTURE (TECHNOLOGY)

The education and research arm of Singapore's Building and Construction Authority (BCA)

DIPLOMA IN ARCHITECTURE (TECHNOLOGY)

The education and research arm of Singapore's Building and Construction Authority (BCA)

**DIPLOMA IN  
ARCHITECTURE (TECHNOLOGY)**

Further Education Opportunities

**Bachelor of Architecture/ Master of Architecture**

**Other Fields: Product Design, Masterplanning,  
Landscape Design, Interior Design, Lighting Design**

The education and research arm of Singapore's Building and Construction Authority (BCA)
